

How to edit titles, summaries, participants, and keywords for a StoryCorps App interview

You can edit your interview information from either the StoryCorps App or the Internet via archive.storycorps.org. Changes made in one place will be reflected in the other.

Note: this article applies to StoryCorps App interviews. If you have concerns about editing a signature interview, look [here](#).

How to edit your interview details through the StoryCorps App

You can edit your interview through the StoryCorps App by following the instructions below:

- Log in to your profile on the StoryCorps App.
- Tap the three (...) dots in the lower right of your interview's square.
- Select **Edit Info** from the popup menu.
- Enter the information you wish to edit (**Interview Title/ Summary/ Keywords/ Participants/ Recording Location.**)
- Select **Save**.

Note: Some fields are required for the submission and therefore must have data entered before you can save the interview.

How to edit your interview details on archive.storycorps.org

If you recorded using the StoryCorps App and your interview has been successfully published to archive.storycorps.org, you can edit your interview information in the online archive by following the instructions below:

- Log in to your profile on archive.storycorps.org.
- Click your **Profile Photo** (in the upper right corner of the screen).
- Select **My Interviews & Profile** from the dropdown menu.
- Click anywhere on your interview's image (or click the gear icon in the upper right of the image).

- Select **Edit Interview** (located below the interview photo and to the right of the interview description).
- Enter the information you wish to edit (**Enter a Title or Quote from Your Conversation/Add a Summary or Description of Your Interview/Who Participated in This Interview/Tag Your Interview to Help People Find It/Recording Location.**)
- Click the **Save to Archive** button at the bottom of the page once all changes have been made.

Note: Some fields are required for the submission and therefore must have data entered before you can save the interview.
