

Preparing a Custom Question List in the StoryCorps App

When you click the “+” icon in the upper right corner of the StoryCorps App, you are given the option to either **Prepare an Interview** or **Record an Interview**. If you want to choose your interview questions in advance:

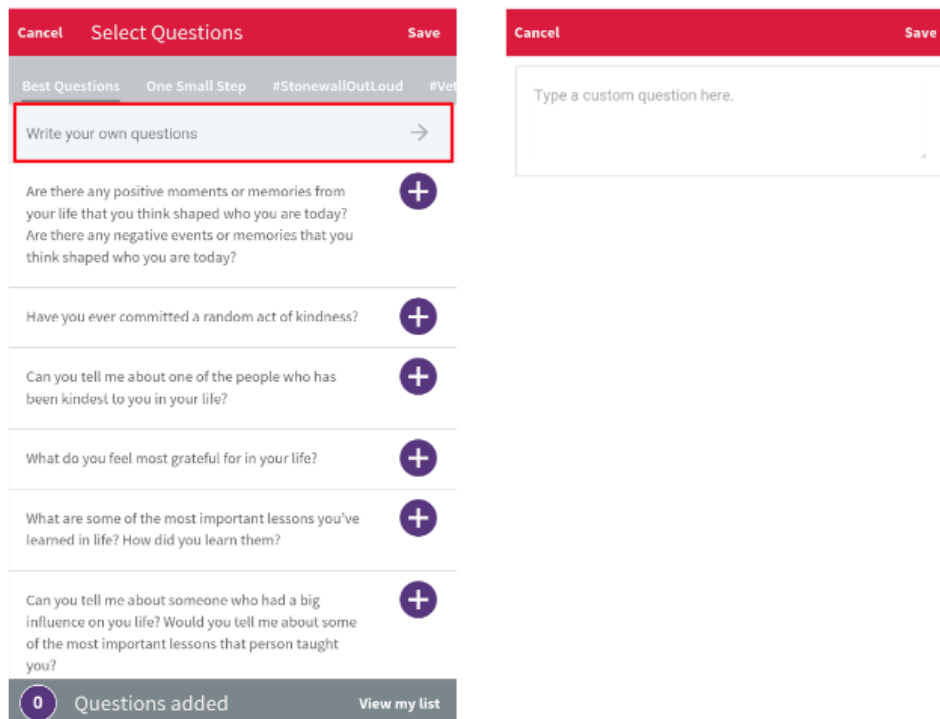

- Select **Prepare an Interview**.
- Select **What questions will you ask?**

Adding your own custom interview questions

- Select the **Write your own questions** option.
- Type your custom question in the box provided and select **Save**.
- Repeat the previous 2 steps to add additional questions.

- After you’ve created your custom questions, select the questions you want to include with your interview from the **Custom questions** list by tapping the “+” symbol beside the questions you want to include and selecting **Save**.

To add questions from StoryCorps' Great Question lists

- Swipe the gray bar on the top of the page to browse our pre-written Great Question lists (such as **Best Questions**).
 - Select the questions you want to include with your interview from our pre-written lists by tapping the “+” symbol beside the questions you want to include and selecting **Save**.
 - **Pro Tip:** You can select and add questions from multiple lists at one time!
